FOR IMMEDIATE RELEASE

AMC Entertainment Holdings, Inc. Announces First Quarter 2018 Results

LEAWOOD, KANSAS - (May 7, 2018) -- AMC Entertainment Holdings, Inc. (NYSE: AMC) ("AMC" or "the Company"), today reported results for the first quarter ended March 31, 2018.

Highlights for the first quarter ended March 31, 2018, include the following:

- AMC set first quarter records for the three months ended March 31 period for all revenue categories: admissions, food and beverage and other. Much of the growth in revenue is due to the acquisition of Nordic Cinema Group Holding AB ("Nordic").

- Total revenues increased 8.0% to \$1,383.6 million compared to total revenues of \$1,281.4 million for the three months ended March 31, 2017. Total revenues in the quarter included approximately \$401.5 million of revenues from our international theatres as compared to \$289.2 million for the three months ended March 31, 2017.
 - Admissions revenues increased 7.0% to \$875.0 million compared to \$817.5 million for the same period a year ago.
 - Food and beverage revenues increased 2.1% to \$405.8 million, compared to \$397.6 million for the three months ended March 31, 2017.
 - Earnings (loss) before income taxes grew \$23.2 million to \$22.4 million, compared to a loss of \$0.8 million for the same quarter a year ago.
 - Net earnings increased \$9.3 million to net earnings of \$17.7 million compared to net earnings of \$8.4 million for the three months ended March 31, 2017.
 - Diluted earnings per share ("diluted EPS") increased by \$0.07 to \$0.14 per share compared to earnings of \$0.07 per share for the same period a year ago. Weighted average diluted shares outstanding in the first quarter of 2018 increased approximately 5.5% compared to the first quarter last year as a result of the successful completion of an equity offering in February 2017, less the effect of 3.2 million shares repurchased during 2017.
 - Total Adjusted EBITDA⁽¹⁾ increased 10.7% to \$277.9 million compared to \$251.1 million for the three months ended March 31, 2017. International Adjusted EBITDA for the first quarter grew \$16.4 million to \$69.5 million compared to \$53.1 million a year ago.
-

"We are truly heartened by AMC's start to 2018 and couldn't be more excited about the prospects for the year after the record-breaking success of AVENGERS: INFINITY WAR early in the second quarter," said Adam Aron, CEO and President of AMC. "AMC's strategy is working. We have invested wisely for our shareholders, especially in creating a better movie-going experience for our guests. We have developed more premium large format screens, with IMAX, Dolby Cinema and our proprietary brands, and have equipped theatres both in the U.S. and abroad with our much sought-after signature recliner seats. Our food and beverage initiatives offer an increased variety of menu options that far exceed traditional concession fare. More of our guests are booking their tickets directly on our web site and smartphone app than from any other online source, and our AMC Stubs loyalty membership has now soared to more than 13 million U.S. households. Adding to all of AMC's progress this year, the crowning achievement in 2018 so far has been our opening of the first movie theatre in Saudi Arabia in 37 years. This is a story that has been noted all across the globe, and there are many more theatres to come in the 16th country now served by AMC."

Aron continued, "But equally important as our own success, is the success of the movie industry. With record setting movies like IT, STAR WARS: THE LAST JEDI, BLACK PANTHER, and most recently, AVENGERS: INFINITY WAR, it is clear and unmistakable that movie fans overwhelmingly flock to theatres when tempted by great cinematic story tellers. We are confident that the pedigree of franchises from which a dazzling array of films will be released over the next several months has the potential to propel the industry and AMC even higher."

CFO Commentary

Commentary on the quarter by Craig Ramsey, AMC's Executive Vice President and Chief Financial Officer, is available at <http://investor.amctheatres.com>.

Additional information detailing select unaudited pro forma financial data for the quarter ended March 31, 2017 is included in the first quarter 2018 CFO Commentary. The select unaudited pro forma data for the period ended March 31, 2017 combines the historical financial data of AMC and Nordic, giving effect to the acquisition, financings and theatre divestitures as if they had been completed on January 1, 2017. The historical consolidated financial information for Nordic has been adjusted to comply with U.S. GAAP. The classification of certain items presented by Nordic under IFRS has been modified in order to align with the presentation used by AMC under U.S. GAAP. In addition to the U.S. GAAP adjustments and the reclassifications, amounts have also been translated to U.S. Dollars. The unaudited pro forma financial information is provided for informational purposes only and is not necessarily indicative of what our results of operations would actually have been had the acquisitions occurred on the date indicated. Please refer to the August 1, 2017 Form 8-K and 8-K/A on December 4, 2017 for additional information on pro forma financial statement adjustments. The historical results for the period ended March 31, 2018 have been adjusted for constant currency. Constant currency amounts, which are non-GAAP measurements, were calculated using the average exchange rate for the corresponding pro forma period ended March 31, 2017.

Update of Share Repurchase Program

On August 3, 2017, AMC announced that its Board of Directors authorized the repurchase of up to \$100 million of the Company's Class A common stock over a two-year period.

As of May 1, 2018, the Company has repurchased approximately 50% of the authorized \$100 million, having purchased more than 3.2 million shares of AMC's Class A common stock for approximately \$47.5 million, representing an average share price of \$14.86.

- 1) We present Adjusted EBITDA as a supplemental measure of our performance. We define Adjusted EBITDA as net earnings plus (i) income tax provision (benefit), (ii) interest expense and (iii) depreciation and amortization, as further adjusted to eliminate the impact of certain items that we do not consider indicative of our ongoing operating performance and to include attributable EBITDA from equity investments in theatre operations in international markets and any cash distributions of earnings from other equity method investees. These further adjustments are itemized above. You are encouraged to evaluate these adjustments and the reasons we consider them appropriate for supplemental analysis. In evaluating Adjusted EBITDA, you should be aware that in the future we may incur expenses that are the same as or similar to some of the adjustments in this presentation. Our presentation of Adjusted EBITDA should not be construed as an inference that our future results will be unaffected by unusual or non-recurring items. Adjusted EBITDA is a non-U.S. GAAP financial measure commonly used in our industry and should not be construed as an alternative to net earnings (loss) as an indicator of operating performance (as determined in accordance with U.S. GAAP). Adjusted EBITDA may not be comparable to similarly titled measures reported by other companies. We have included Adjusted EBITDA because we believe it provides management and investors with additional information to measure our performance and estimate our value.

Adjusted EBITDA has important limitations as an analytical tool, and you should not consider it in isolation, or as a substitute for analysis of our results as reported under U.S. GAAP. For example,

Adjusted EBITDA:

- does not reflect our capital expenditures, future requirements for capital expenditures or contractual commitments;
- does not reflect changes in, or cash requirements for, our working capital needs;
- does not reflect the significant interest expenses, or the cash requirements necessary to service interest or principal payments, on our debt;

- excludes income tax payments that represent a reduction in cash available to us;
 - does not reflect any cash requirements for the assets being depreciated and amortized that may have to be replaced in the future; and
 - does not reflect the impact of divestitures that may be required in connection with recently completed acquisitions.
- 2) Amounts represent preopening expense related to temporarily closed screens under renovation, theatre and other closure expense for the permanent closure of screens including the related accretion of interest, non-cash deferred digital equipment rent expense, and disposition of assets and other non-operating gains or losses included in operating expenses. The Company has excluded these items as they are non-cash in nature, include components of interest cost for the time value of money or are non-operating in nature.
 - 3) Equity in loss of non-consolidated entities includes a lower of carrying value or fair value impairment loss of the held-for sale portion of our investment in NCM of \$16.0 million for the three months ended March 31, 2018. The impairment charge reflects recording our held-for-sale units and shares at the publicly quoted per share price on March 31, 2018 of \$5.19. Equity in loss of non-consolidated entities also includes loss on the surrender (disposition) of a portion of the Company's investment in NCM of \$1.1 million during the three months ended March 31, 2018.
 - 4) Includes U.S. non-theatre distributions from equity method investments and International non-theatre distributions from equity method investments to the extent received. The Company believes including cash distributions is an appropriate reflection of the contribution of these investments to its operations.
 - 5) Attributable EBITDA includes the EBITDA from minority equity investments in theatre operators in certain international markets. See below for a reconciliation of the Company's equity loss of non-consolidated entities to attributable EBITDA. Because these equity investments are in theatre operators in regions where the Company holds a significant market share, the Company believes attributable EBITDA is more indicative of the performance of these equity investments and management uses this measure to monitor and evaluate these equity investments. The Company also provides services to these theatre operators including information technology systems, certain on-screen advertising services and our gift card and package ticket program. As these investments relate only to our Nordic acquisition, the second quarter of 2017 represents the first time the Company has made this adjustment and does not impact prior historical presentations of Adjusted EBITDA.

- 6) Other income for the three months ended March 31, 2018 includes \$1.6 million financing related foreign currency transaction losses, partially offset by \$0.4 million forward foreign currency contract gains.
- 7) Merger, acquisition and transition costs are excluded as they are non-operating in nature.

First quarter ended March 31, 2018

U.S. Industry Box Office: Expectations at the beginning of the year were for a very weak quarter after the strength of BEAUTY AND THE BEAST in last year's record setting performance. The industry's box office held relatively flat in January, set a record in February and shrugged off a very weak March to finish well ahead of expectations as the second highest first quarter ever. Compared to last year, the 2018 first quarter North American industry box office declined approximately 2.6% to \$2.85 billion, second only to the first quarter of 2017.

BLACK PANTHER led the charge by a wide margin, becoming the third highest grossing film of all time while leading February to the highest box office ever. Rounding out the industry's top five box office films for the quarter were JUMANJI: WELCOME TO THE JUNGLE, THE GREATEST SHOWMAN, PETER RABBIT, AND STAR WARS: THE LAST JEDI. Despite THE GREATEST SHOWMAN AND PETER RABBIT, family-friendly films saw the fourth consecutive quarterly decline compared to the prior year, down nearly 50%.

Consolidated Results

Compared to the first quarter of 2017, consolidated admissions revenues for the quarter increased 7.0% to \$875.0 million while food and beverage revenues grew 2.1% to \$405.8 million and other theatre revenues grew 55.1% to \$102.8 million. Consolidated total revenues grew 8.0% in the first quarter to \$1,383.6 million. The increase in revenue was primarily due to the acquisition of Nordic in March 2017.

Consolidated net earnings for the first quarter increased 110.7% to \$17.7 million compared to the same quarter a year ago. Consolidated net earnings margin for the first quarter was 1.3% compared to 0.7% in the first quarter of 2017. Included in net earnings for the quarter was approximately \$24.2 million of benefit from a rent reduction due to a lease modification and \$12.2 million of other revenue related to the adoption of Accounting Standards Codification ("ASC") 606, offset by \$16.0 million of expense due to lower carrying value or fair value impairment of the held-for-sale National CineMedia, LLC ("NCM") units and shares, and approximately \$10.5 million of non-cash interest expense and \$8.4 million of operating expense related to the adoption of ASC 606.

Consolidated diluted earnings per share ("diluted EPS") increased 100% to \$0.14 per share compared to \$0.07 per share for the same period a year ago.

Consolidated Adjusted EBITDA for the first quarter grew 10.7% to \$277.9 million and Adjusted EBITDA margin increased to 20.1% from 19.6% in the year ago period.

2018 Consolidated Historical Results vs. 2017 Consolidated Pro Forma Results

To provide greater transparency and more relevant year-over-year comparisons, we have included pro forma financial data in the tables section of this CFO commentary. The select unaudited pro forma data for the quarter ended March 31, 2017 combines the historical financial data of AMC and Nordic, giving effect to the acquisition, financings and theatre divestitures related to our Carmike acquisition as if they had been completed on January 1, 2017. The historical consolidated financial information for Odeon and Nordic has been adjusted to comply with U.S. GAAP. The classification of certain items presented by Nordic under IFRS has been modified in order to align with the presentation used by AMC under U.S. GAAP. In addition to the U.S. GAAP adjustments and the reclassifications, amounts have also been translated to U.S. Dollars. The unaudited pro forma financial information is provided for informational purposes only and is not necessarily indicative of what our results of operations would actually have been had the acquisitions occurred on the date indicated. Please refer to the August 1, 2017 Form 8-K and 8-K/A on December 4, 2017 for additional information on pro forma financial statement adjustments.

Compared to the pro forma first quarter of 2017, first quarter 2018 consolidated total revenues increased 1.8% (1.6% decrease in constant currency) and were comprised of a 0.5% increase (3.0% decrease in constant currency) in admissions revenues, a 1.0% decrease (3.6% decrease in constant currency) in food and beverage revenues, and a 29.8% increase (24.5% increase in constant currency) in other theatre revenues.

Consolidated net earnings for the first quarter decreased \$7.7 million to \$17.7 million (decreased \$9.7 million to \$15.7 million in constant currency) compared to the pro forma results in the same quarter last year.

Consolidated Adjusted EBITDA for the first quarter increased 2.1% to \$277.9 million (0.8% decrease to \$270.0 million in constant currency) and Consolidated Adjusted EBITDA margin increased 10 basis points to 20.1% compared to the same pro forma period a year ago.

2018 U.S. Segment Historical Results vs. 2017 U.S. Segment Pro Forma Results

Compared to the pro forma U.S. segment first quarter of 2017, first quarter 2018 total U.S. revenues increased 0.4% to \$982.1 million and were comprised of a 1.0% decrease in admissions revenue to \$604.7 million (approximately 160 basis point industry outperformance), a 2.7% decrease in food and beverage revenues to \$311.5 million, and a 41.1% increase in other theatre revenues to \$65.9 million.

Total U.S. attendance decreased 5.8% to 61.9 million while average ticket price for the quarter increased 5.2% to \$9.78 compared to the pro forma results in the same quarter a year ago. This growth in average ticket price is a result of strategic price increases over the last year and increases in attendance for PLF and IMAX® premium formats, which more than offset the average ticket price pressure from a decline in 3-D attendance in the first quarter.

Despite the decline in U.S. food and beverage revenues, primarily as a result of lower attendance, food and beverage revenue per patron increased 3.3% to \$5.04 compared to the first quarter last year. Our guests continue to enjoy our diverse array of enhanced food and beverage offerings as we roll out additional menu innovations, including our new Feature Fare menu that is now available at more than 320 theatres. Due in part to the higher cost of food related to the Feature Fare menu, our U.S. food and beverage gross margin for the quarter decreased 80 basis points to 85.8%, however U.S. food and beverage gross profit per patron increased approximately 2.4%.

At quarter-end we operated 29 dine-in-theatres and served alcohol at more than 300 locations.

U.S. other revenues saw a 41.1% increase to \$65.9 million compared to the prior year's pro forma quarter. Included in other revenues is approximately \$12.2 million of revenue related to a change in revenue recognition as a result of adopting ASC 606.

AMC's U.S. film exhibition costs continue to be a bright spot, decreasing 4.8% to \$316.2 million compared to last year's pro forma results, representing 52.3% of admissions revenue, a 210-basis point improvement. These results are consistent with the film concentration and studio mix of the top U.S. titles this year versus last year and the conversion of the former Carmike theatre's film rent terms to AMC's terms.

U.S. operating expenses for the quarter increased 5.0% to \$281.9 million compared to last year's pro forma results and represented 28.7% of revenues as compared to 27.5% in the same pro forma period a year ago. Included in U.S. operating expenses for the quarter is approximately \$8.4 million of expense related to the adoption of ASC 606. U.S. operating expenses for the 2018 first quarter and 2017 pro forma period include \$1.6 million and \$5.0 million, respectively, of certain operating expenses that are excluded from our calculation of Adjusted EBITDA. Excluding these costs from both periods, adjusted operating expenses for the first quarter increased 6.4% to \$280.3 million, and represented 28.5% of revenues, a 150-basis point increase from the prior year pro forma period. We are disclosing adjusted operating expenses because we believe they are more indicative of our ongoing performance.

U.S. rent expense for the first quarter decreased 8.8% to \$133.2 million, on roughly 1.6% more average screens. During the quarter, the company modified a lease which resulted in a \$24.2 million benefit to rent expense.

U.S. depreciation and amortization decreased 2.5% to \$94.1 million in the first quarter compared to the same pro forma period last year. The decrease is primarily due to the prior year impairment charges and adjustments to the estimated fair value of property related to the Carmike acquisition. We will continue to evaluate the useful lives of our theatres and expect depreciation and amortization expense to be between \$550 and \$560 million for 2018 on a consolidated basis.

U.S. net earnings for the first quarter was \$0.1 million compared to a net loss of \$10.3 million in the same pro forma period a year ago. Net earnings for the quarter was negatively impacted by \$7.2 million related to the adoption of ASC 606.

U.S. Adjusted EBITDA for the quarter increased 6.7% to \$208.4 million compared to the pro forma first quarter last year, as U.S. adjusted EBITDA margins increased 120 basis points to 21.2%. Included in

adjusted EBITDA for the 2018 quarter was \$24.2 million reduction in rent expense related to a lease modification.

International Industry Box Office: Overall, the first quarter international industry box office also saw a decline, with the countries served by Odeon's theatres seeing a 6.7% decline while the countries served by Nordic witnessed a 3.4% increase. The enormous success of BEAUTY AND THE BEAST and depth of slate last year created a very difficult comparison in the Odeon served countries, as BLACK PANTHER did not play as well this year. The lack of strong family product during the February school holidays and softer local content also contributed to the decline. Nordic served countries, however, enjoyed strong local content during the quarter to offset the Winter Olympics and popularity of LA LA LAND last year.

2018 International Historical Segment Results vs. 2017 International Segment Pro Forma Results

Compared to the pro forma first quarter of 2017, first quarter total international revenues increased 5.2% to \$401.5 million (decreased 6.8% to \$355.6 million in constant currency), and were comprised of a 4.2% increase in admissions revenue to \$270.3 million (decreased 7.7% to \$239.4 million in constant currency), a 5.2% increase in food and beverage revenues to \$94.3 million (decreased 6.8% to \$83.5 million in constant currency), and a 13.5% increase in other theatre revenues to \$36.9 million (increased 0.6% to \$32.7 million in constant currency).

Total International attendance decreased 12.0% to 29.1 million and average ticket price for the quarter increased 18.3% to \$9.30 (increased 4.7% to \$8.23 in constant currency). Odeon's strategic pricing increases and reduced promotional activity compared to last year's quarter helped drive the increase in average ticket price. Attendance was affected by a weaker movie slate this year as well as the impact from screen closures from recliner renovations and increased competition.

International food and beverage revenue per patron increased 19.6% to \$3.24 (increased 5.9% to \$2.87 in constant currency) while International food and beverage gross margin for the quarter remained unchanged at 76.8%.

AMC's International film exhibition costs for the quarter was nearly flat at \$110.3 million (decreased 11.4% to \$97.7 million in constant currency), representing 40.8% of admissions revenue and a 160 basis point decrease compared to last year. These results are consistent with the film concentration of the top International titles and local content this year versus last year.

International operating expense for the quarter was up \$20.6 million to \$130.0 million (increased 5.2 million to \$115.1 million in constant currency) compared to last year and represented 32.4% of revenues as compared to 28.7% in the same pro forma period a year ago. International operating expenses for the 2018 first quarter and 2017 pro forma period include \$2.1 million (\$1.9 million in constant currency) and \$0.3 million, respectively, of certain operating expenses that are excluded from our calculation of Adjusted EBITDA. Excluding these costs from both periods, adjusted operating expenses for the first quarter increased 3.8% to \$113.2 million, and represented 31.9% of revenues, as compared to 28.6% from the prior year pro forma period. We are disclosing adjusted operating expenses because we believe they are more indicative of our ongoing performance.

International rent expense for the first quarter increased 12.1% to \$56.5 million (decreased 0.8% to \$50.0 million in constant currency).

International depreciation and amortization increased 2.8% to \$36.4 million (declined 8.8% to \$32.3 million in constant currency) in the first quarter compared to the same period last year. Despite increased investment, purchase accounting adjustments were made in the fourth quarter of 2017 that impacted depreciation and amortization.

International net earnings for the first quarter decreased \$18.1 million to \$17.7 million (decreased \$20.1 million to \$15.6 million in constant currency), compared to the same pro forma period a year ago.

International Adjusted EBITDA for the first quarter decreased 9.7% to \$69.5 million (decreased 20.0% to \$61.6 million in constant currency) compared to the pro forma first quarter last year. International Adjusted EBITDA margins decreased 290 basis points to 17.3%. As we continue to integrate the Odeon circuit, deploy initiatives and manage expenses, we are confident that Adjusted EBITDA and Adjusted EBITDA margins have the potential for improvement.

AMC Screens

During the first quarter of 2018, we opened two new theatres with a total of 23 screens and acquired two theatres with 22 screens. We permanently closed 90 screens, temporarily closed 113 screens and reopened 60 screens to implement our strategy and install consumer experience upgrades. As of March 31, 2018, we owned or operated 1,008 theatres with 11,071 screens across 15 countries.

Capital Expenditures

Total gross capital expenditures for the quarter ended March 31, 2018 were \$107.3 million and after \$42.1 million of landlord contributions yielded net capital expenditures of \$65.2 million. Recliner renovations accounted for the majority of the capital expenditures in the first quarter.

We expect gross capital expenditures for 2018 to total approximately \$600 million to \$640 million, with landlords contributing approximately \$140 million to \$150 million, resulting in a net cash outlay of approximately \$450 to \$500 million.

Balance Sheet

With respect to the balance sheet, we finished the first quarter with \$300.9 million in cash and cash equivalents and a total debt balance of approximately \$4.9 billion, including capital and financing lease obligations.

As of March 31, 2018, we were in compliance with all debt covenants.

Dividend

Consistent with our plans to augment shareholder returns through the return of capital, AMC's Board of Directors, at its regular board meeting on May 3, 2018, authorized the seventeenth consecutive quarterly dividend of \$0.20 per share, payable on June 25, 2018, to holders of record on June 11, 2018.

Since our IPO on December 18, 2013, AMC has returned more than \$347 million to shareholders in the form of dividends or dividend equivalents.

Share Repurchase Plan

On August 3, 2017, we announced that our Board of Directors had approved a \$100.0 million share repurchase program to repurchase our Class A common stock until mid-August 2019.

Repurchases may be made at management's discretion from time to time through open market transactions including block purchases, through privately negotiated transactions, or otherwise until mid-August 2019 in accordance with all applicable securities laws and regulations. The extent to which AMC repurchases its shares, and the timing of such repurchases, will depend upon a variety of factors, including liquidity, capital needs of the business, market conditions, regulatory requirements and other corporate considerations, as determined by AMC's management team. Repurchases may be made under a Rule 10b5-1 plan, which would permit common stock to be repurchased when our management might otherwise be precluded from doing so under insider trading laws. The repurchase program does not obligate us to repurchase any minimum dollar amount or number of shares and may be suspended for periods or discontinued at any time.

From the inception of this share repurchase program, through the quarter ended March 31, 2018, we repurchased 3,195,856 shares of Class A common stock at a cost of \$47.5 million.

- 1) We present Adjusted EBITDA and Adjusted EBITDA Margin as a supplemental measure of our performance. We define Adjusted EBITDA as net earnings (loss) plus (i) income tax provision (benefit), (ii) interest expense and (iii) depreciation and amortization, as further adjusted to eliminate the impact of certain items that we do not consider indicative of our ongoing operating performance and to include attributable EBITDA from equity investments in theatre operations in international markets and any cash distributions of earnings from other equity method investees. These further adjustments are itemized above. You are encouraged to evaluate these adjustments and the reasons we consider them appropriate for supplemental analysis. Adjusted EBITDA Margin is defined as Adjusted EBITDA divided by Total Revenues. In evaluating Adjusted EBITDA and Adjusted EBITDA Margin, you should be aware that in the future we may incur expenses that are the same as or similar to some of the adjustments in this presentation. Our presentation of Adjusted EBITDA and Adjusted EBITDA Margin should not be construed as an inference that our future results will be unaffected by unusual or non-recurring items. Adjusted EBITDA and Adjusted EBITDA Margin are non-U.S. GAAP financial measures and should not be construed as an alternative to net earnings (loss) or net earnings (loss) margin as an indicator of operating performance or as an alternative to cash flow provided by operating activities as a measure of liquidity (as determined in accordance with U.S. GAAP). Adjusted EBITDA and Adjusted EBITDA Margin may not be comparable to similarly titled measures reported by other companies. We have included Adjusted EBITDA and Adjusted EBITDA Margin because we believe they provide management and investors with additional information to measure our performance and estimate our value.

Adjusted EBITDA and Adjusted EBITDA Margin have important limitations as analytical tools, and you should not consider them in isolation, or as a substitute for analysis of our results as reported under U.S. GAAP. For example,

Adjusted EBITDA and Adjusted EBITDA Margin:

- do not reflect our capital expenditures, future requirements for capital expenditures or contractual commitments;
 - do not reflect changes in, or cash requirements for, our working capital needs;
 - do not reflect the significant interest expenses, or the cash requirements necessary to service interest or principal payments, on our debt;
 - exclude income tax payments that represent a reduction in cash available to us;
 - do not reflect any cash requirements for the assets being depreciated and amortized that may have to be replaced in the future; and
 - do not reflect the impact of divestitures that may be required in connection with recently completed acquisitions.
- 2) Amounts represent preopening expense related to temporarily closed screens under renovation, theatre and other closure expense for the permanent closure of screens including the related accretion of interest, non-cash deferred digital equipment rent, and disposition of assets and other non-operating gains or losses included in operating expenses. We have excluded these items as they are non-cash in nature, include components of interest cost for the time value of money or are non-operating in nature.

- 3) Equity in loss of non-consolidated entities includes a lower of carrying value or fair value impairment loss of the held-for sale portion of our investment in NCM of \$16.0 million for the three months ended March 31, 2018. The impairment charge reflects recording our held-for-sale units and shares at the publicly quoted per share price on March 31, 2018 of \$5.19. Equity in loss of non-consolidated entities also includes a loss on the surrender (disposition) of a portion of our investment in NCM of \$1.1 million during the three months ended March 31, 2018.
- 4) Includes U.S. non-theatre distributions from equity method investments and International non-theatre distributions from equity method investments to the extent received. We believe including cash distributions is an appropriate reflection of the contribution of these investments to our operations.
- 5) Attributable EBITDA includes the EBITDA from equity investments in theatre operators in certain international markets. See below for a reconciliation of our equity loss of non-consolidated entities to attributable EBITDA. Because these equity investments are in theatre operators in regions where we hold a significant market share, we believe attributable EBITDA is more indicative of the performance of these equity investments and management uses this measure to monitor and evaluate these equity investments. We also provide services to these theatre operators including information technology systems, certain on-screen advertising services and our gift card and package ticket program. As these investments relate only to our Nordic acquisition, the second quarter of 2017 represents the first time we have made this adjustment and does not impact prior historical presentations of Adjusted EBITDA.

The International segment information for the three months ended March 31, 2018 has been adjusted for constant currency. Constant currency amounts, which are non-GAAP measurements were calculated using the average exchange rate for the corresponding period for 2017. We translate the results of our international operating segment from local currencies into U.S. dollars using currency rates in effect at different points in time in accordance with U.S. GAAP. Significant changes in foreign exchange rates from one period to the next can result in meaningful variations in reported results. We are providing constant currency amounts for our international operating segment to present a period-to-period comparison of business performance that excludes the impact of foreign currency fluctuations.

UNAUDITED PRO FORMA
CONDENSED COMBINED FINANCIAL INFORMATION

The following unaudited pro forma condensed combined financial information of AMC Entertainment Holdings, Inc. ("AMC" or the "Company") is presented to illustrate the estimated effects of (i) the acquisition of Nordic Cinema Group Holdings AB ("Nordic" or the "Nordic Acquisition"); (ii) the issuance of \$475,000,000 aggregate principal amount of 6.125% Senior Subordinated Notes due 2027 and £250,000,000 aggregate principal amount of 6.375% Senior Subordinated Notes due 2024 used to fund the Nordic Acquisition (clauses (ii), referred to as the "Financings"); (iii) the issuance of 20,330,874 shares (\$640,423,000 at an offering price of \$31.50 per share of the Company's Class A Common Stock to repay the \$350,000,000 aggregate principal amount of Bridge Loans incurred to partially finance the Carmike acquisition and for general and corporate purposes (the "2017 Equity Offering") and (iv) the settlement the Company entered into with the United States Department of Justice, pursuant to which the Company agreed to divest theatres in 15 local markets where it has an overlap with Carmike (the "Theatre Divestitures").

The pro forma financial information is based in part on certain assumptions regarding the foregoing transactions that we believe are factually supportable and expected to have a continuing impact on our consolidated results. The unaudited pro forma condensed combined statements of operations for the three months ended March 31, 2017 combine the historical consolidated statements of operations of the Company and Nordic, giving effect to the Nordic Acquisition, the Financings, the Theatre Divestitures and the 2017 Equity Offering as if they had been completed on January 1, 2017. The historical consolidated financial information for Nordic has been adjusted to comply with U.S. Generally Accepted Accounting Principles ("U.S. GAAP"). The classification of certain items by Nordic under International Financial Reporting Standards ("IFRS") has been modified in order to align with the presentation used by the Company under U.S. GAAP. In addition to the U.S. GAAP adjustments and the reclassifications, amounts for Nordic have also been translated to U.S. dollars.

The unaudited pro forma condensed combined financial information has been prepared by the Company, as the acquirer, using the acquisition method of accounting in accordance with U.S. GAAP. The acquisition method of accounting is dependent upon certain valuation and other studies that have yet to commence or progress to a stage where there is sufficient information for a definitive measurement. The assets and liabilities of Nordic have been measured based on various preliminary estimates using assumptions that the Company believes are reasonable based on information that is currently available. The pro forma adjustments have been made solely for the purpose of providing unaudited pro forma condensed combined financial information prepared in accordance with the rules and regulations of the Securities and Exchange Commission.

The unaudited pro forma condensed combined financial information does not purport to represent the actual results of operations that the Company and Nordic would have achieved had the companies been combined during the periods presented in the unaudited pro forma condensed combined financial statements and is not intended to project the future results of operations that the combined company may achieve after the Nordic Acquisition. The unaudited pro forma condensed combined financial information does not reflect any potential cost savings that may be realized as a result of the Nordic Acquisition and also does not reflect any restructuring or integration-related costs to achieve those potential cost savings. No historical transactions between Nordic and the Company during the periods presented in the unaudited pro forma condensed combined financial statements have been identified at this time.

The unaudited pro forma condensed combined financial information does not give effect to the settlement we entered into with the United States Department of Justice, pursuant to which we agreed to divest most of our holdings and relinquish all of our governance rights in NCM, our joint venture for cinema screen advertising, and (ii) agreed to transfer 24 theatres with a total of 384 screens to the network of Screenvision LLC, the cinema screen advertising business in which Carmike participates.

The Company previously filed unaudited pro forma condensed combined statements of operations in its 8-K/A on March 13, 2017, Form 8-K on August 1, 2017, August 4, 2017, and November 6, 2017 and Form 8-K/A on December 4, 2017 has updated Note 5 from the previously file 8-K/A and 8-K to include the pro forma impacts of the Nordic Acquisition, the Nordic Financing and the Theatre Divestitures for 2017.

5. Pro Forma Adjustments (dollars in thousands)

The accompanying unaudited pro forma condensed combined financial statements have been prepared as if the Nordic acquisition, the Financings, the Theatre Divestitures and the 2017 Equity Offering were completed on January 1, 2017 for statement of operations purposes.

(a) Adjustment to remove the non-recurring direct incremental costs of the Odeon acquisition, the Carmike acquisition and the Nordic Acquisition which are reflected in the historical financial statements of the Company, Odeon, Carmike and Nordic.

	Three Months Ended March 31, 2017
Remove the Company's costs	\$ (17,195)
Remove Nordic's costs	(3,162)

(b) Adjustment to record tax benefit in U.S. tax jurisdictions for the Company at the Company's effective income tax rate of 39%. Income and expenses recorded historically by Nordic were not significantly tax effected in foreign jurisdictions as a result of available unrecorded deferred tax assets including net operating loss carryforwards. As a result pro forma adjustments do not result in significant amounts of additional income tax expense or benefit in these foreign jurisdictions.

	Three Months Ended March 31, 2017
Record tax effect in U.S. tax jurisdiction	\$ 5,777

(c) Adjustment to Nordic revenues and expenses as a result of fair value.

Income tax adjustment related to Nordic adjustments		(2,928)

(d) Adjustment Relating to Department of Justice Proposed Divestitures

Adjustments to remove Carmike and AMC historical revenues and expenses for theatres in markets that must be divested in connection with the Department of Justice proposed final judgement whereby we expect to sell certain of our theatres and certain Carmike theatres are reflected in the pro forma financial statements as those planned disposals are identifiable and factually supportable at this time. We believe that the reasonably possible effects on the financial statements for the divestitures are as follows (\$ in thousands):
