FOR IMMEDIATE RELEASE

**AMC Entertainment Holdings, Inc. Announces
\$100 Million Share Repurchase Program**

LEAWOOD, Kan.—(August 3, 2017) — AMC Entertainment Holdings, Inc. (“AMC” or “the Company”) (NYSE: AMC) today announced that its Board of Directors has approved the repurchase of up to \$100 million of the Company’s Class A common stock over a two-year period.

“AMC’s Board of Directors and senior management strongly believe that AMC’s future prospects are bright and that our company is well positioned to drive revenue and earnings growth over the years ahead.” said AMC Chief Executive Officer and President Adam Aron. “We do not believe, however, that the current AMC share price properly reflects those future prospects and therefore presents a compelling investment opportunity for the company. The \$100 million stock repurchase program authorized by our Board demonstrates our confidence in the underlying strength of AMC’s businesses and reflects our commitment to delivering shareholder value.”

Aron added, “In addition, I also plan individually to buy AMC stock in the open market with personal monies within the next 60 days. Of course, I will do so under the advice of counsel and in proper coordination with any purchases by the company under the stock buy-back allocation we announced today.”

Repurchases may be made at management’s discretion from time to time through open market transactions including block purchases, through privately negotiated transactions, or otherwise over the next two years in accordance with all applicable securities laws and regulations. The extent to which AMC repurchases its shares, and the timing of such repurchases, will depend upon a variety of factors, including liquidity, capital needs of the business, market conditions, regulatory requirements and other corporate considerations, as determined by AMC’s management team. Repurchases may be made under a Rule 10b5-1 plan, which would permit common stock to be repurchased when the Company might otherwise be precluded from doing so under insider trading laws. The repurchase program does not obligate the Company to repurchase any minimum dollar amount or number of shares and may be suspended for periods or discontinued at any time. The Company had approximately 55.08 million shares of Class A common stock outstanding as of August 1, 2017.
