Forward Looking Statements

This communication includes “forward-looking statements” within the meaning of the federal securities laws, including the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Any forward-looking statement speaks only as of the date on which it is made. These forward-looking statements may include, among other things, statements related to AMC’s current expectations regarding the performance of its business, financial results, liquidity and capital resources, and the impact to its business and financial condition of, and measures being taken in response to, the COVID-19 virus, and are based on information available at the time the statements are made and/or management’s good faith belief as of that time with respect to future events, and are subject to risks, trends, uncertainties and other facts that could cause actual performance or results to differ materially from those expressed in or suggested by the forward-looking statements. These risks, trends, uncertainties and facts include, but are not limited to, risks related to: the risk that required approvals from AMC’s stockholders are not obtained at AMC’s special meeting, currently set to be held on March 14, 2023 (the “Special Meeting”); on February 20, 2023, stockholders commenced litigation seeking to prevent the conversion of AMC Preferred Equity Units into common without separate common stock class approval at the Special Meeting, which will delay and if successful (or if additional litigation is commenced and successful) could prevent the conversion of APE units into common stock, impede our ability to raise additional funds and materially and adversely impact market prices and the value of APE units and common stock; the risks and uncertainties relating to the sufficiency of AMC’s existing cash and cash equivalents and available borrowing capacity; AMC’s ability to obtain additional liquidity, which if not realized or insufficient to generate the material amounts of additional liquidity that will be required unless it is able to achieve more normalized levels of operating revenues, likely would result with AMC seeking an in-court or out-of-court restructuring of its liabilities; the impact of the COVID-19 virus on AMC, the motion picture exhibition industry, and the economy in general; the seasonality of AMC’s revenue and working capital; the continued recovery of the North American and international box office; AMC’s significant indebtedness, including its borrowing capacity and its ability to meet its financial maintenance and other covenants; AMC’s ability to achieve expected synergies, benefits and performance from its strategic initiatives; motion picture production and performance; AMC’s lack of control over distributors of films; intense competition in the geographic areas in which AMC operates; increased use of alternative film delivery methods or other forms of entertainment; shrinking exclusive theatrical release window; AMC’s ability to optimize its theatre circuit; general and international economic, political, regulatory and other risks; limitations on the availability of capital; AMC’s ability to refinance its indebtedness on favorable terms; availability of financing upon favorable terms or at all; risks relating to impairment losses, including with respect to goodwill and other intangibles, and theatre and other closure charges; AMC’s ability to recognize interest deduction carryforwards, net operating loss carryforwards, and other tax attributes to reduce future tax liability; supply chain disruptions, labor shortages, increased cost and inflation; and other factors discussed in the reports AMC has filed with the SEC. Should one or more of these risks, trends, uncertainties, or facts materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those indicated or anticipated by the forward-looking statements contained herein. Accordingly, you are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date they are made. Forward-looking statements should not be read as a guarantee of future performance or results and will not necessarily be accurate indications of the times at, or by, which such performance or results will be achieved. For a detailed discussion of risks, trends and uncertainties facing AMC, see the section entitled “Risk Factors” in AMC’s Form 10-K for the year ended December 31, 2022, as filed with the SEC, and the risks, trends and uncertainties identified in AMC’s other public filings. AMC does not intend, and undertakes no duty, to update any information contained herein to reflect future events or circumstances, except as required by applicable law.
