FOR IMMEDIATE RELEASE

AMC Entertainment Holdings, Inc. Reports Second Quarter 2023 Results

LEAWOOD, KANSAS - (August 8, 2023) -- AMC Entertainment Holdings, Inc. (NYSE: AMC and APE) ("AMC" or "the Company"), today reported results for the second quarter ended June 30, 2023.

Summary Second Quarter 2023 Results:

- Total revenue grew by 15.6% compared to Q2 2022 to \$1,347.9 million.
- Net income was \$8.6 million compared to a net loss of \$121.6 million in Q2 2022.
- Diluted earnings per share was \$0.01 compared to a diluted loss per share of \$0.12 in Q2 2022.
- Adjusted EBITDA improved by \$75.8 million to \$182.5 million compared to \$106.7 million in Q2 2022.
- Net cash used in operating activities improved by \$63.2 million compared to Q2 2022 to \$13.4 million.
- Non-GAAP Operating Cash Generated¹ was \$99.8 million, an improvement of \$47.8 million compared to Q2 2022.
- Available liquidity at June 30, 2023 was \$643.4 million, including \$208.1 million of undrawn capacity under the Company's revolving credit facility.

In announcing the quarterly results, Adam Aron, Chairman and CEO of AMC said, "While we still have much work ahead of us on this front, AMC's glide path to eventual recovery continued with significant pace in the second quarter of 2023 as our results set new records and represent AMC's strongest second quarter in four full years. Following an impressive start to the year in the first quarter of 2023, the second quarter yet again showed great progress. AMC saw more than a 12% growth in attendance, a 15% growth in total revenue and a 71% increase in Adjusted EBITDA compared to the second quarter of 2022. Indeed, Adjusted EBITDA was \$182.5 million, the highest such quarterly figure since the fourth quarter of 2019."

Aron continued, "Our ongoing progress is obvious and ever so encouraging. Combining AMC's commitment to innovation with a notable increase in both the number and quality of movie titles from our studio partners, movie theatres are once again captivating audiences and driving attendance back to AMC theatres. AMC theatres across the globe welcomed more than 66 million guests in the second quarter of 2023, our highest quarterly attendance number since the fourth quarter of 2019."

Aron highlighted, "One area that has far exceeded pre-pandemic norms has been per-patron revenue. AMC moviegoers are consistently seeking out the most immersive sight and sound experiences, especially important to AMC as we offer

¹ Operating Cash Generated is a non-GAAP metric that represents cash generated before debt servicing costs and before deferred rent payback

more Premium Large Format screens than any other exhibitor. AMC's imaginative offerings at our concession stands and Dine-In theatres also helped us in the second quarter to generate a food and beverage revenue per patron of \$7.36 globally, within a penny of our all-time high watermark. Considering the substantial operating margin of our food and beverage business, this is contributing meaningfully to our improving profitability."

Aron commented, "With the first half of the year now behind us, the 2023 domestic industry box office is 20% ahead of last year, and we believe the second half of the year could be even better unless the current writers/actors strikes wind up delaying the release of movie titles into next year. The third quarter of 2023 is off to an explosive start with BARBIE, OPPENHEIMER, MISSION IMPOSSIBLE - DEAD RECKONING PART ONE, and SOUND OF FREEDOM, among others, combining to cause July to become the highest monthly revenue in AMC's storied 103-year history. There are so many more engaging movie titles to enjoy at AMC theatres later this year, and we can't wait to welcome moviegoers to our nearly one thousand theatres in the U.S., Europe, and the Middle East."

Aron concluded, "In addition to improving our operating results, we also methodically continued to strengthen our balance sheet. During the second quarter of 2023, AMC raised some \$34 million of cash through the sale of APE units and reduced the principal balance of our debt by \$42 million through debt repurchases. While I am so very proud of the progress we have made since the depths of the pandemic, we continue to have a climb ahead of us. Even with our \$643 million of quarter ending liquidity, our ability to continue to raise capital and remain agile are absolutely vital to maintaining our strong recovery trajectory. There are real and potentially severe liquidity hurdles on the horizon that we will need to overcome. Even so, at this point, we are accustomed to and skilled in rising to meet any and all challenges and are very much committed to our relentless efforts to ensure that AMC is best positioned for sustained long term success."

AMC Preferred Equity Unit At-The-Market Equity Program

In September 2022, AMC launched an at-the-market ("ATM") equity program to sell up to 425 million shares of its AMC Preferred Equity Units ("APE units").

Through this program, we raised gross proceeds of approximately \$343.3 million, before commissions and fees, from the sale of approximately 278.3 million APE units, including \$34.2 million in the second quarter of 2023 through the sale of 21.2 million APE units.

There are currently no APE units available to be issued under the September 2022 ATM equity program.

Balance Sheet, Cash and Liquidity

During the second quarter 2023, AMC repurchased \$42.0 million aggregate principal amounts of the Second Lien Notes due 2026 for \$27.6 million, approximately a 34% discount.

Cash at June 30, 2023 was \$435.3 million excluding restricted cash of \$22.9 million. AMC currently has liquidity availability of \$643.4 million (including cash and undrawn capacity under the Company's revolving credit facility).

Forward-Looking Statements

This communication includes "forward-looking statements" within the meaning of the federal securities laws, including the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. In many cases, these forward-looking statements may be identified by the use of words such as "will," "may," "could," "would," "should," "believes," "expects," "anticipates," "estimates," "intends," "indicates," "projects," "goals," "objectives," "targets," "predicts," "plans," "seeks," and variations of these words and similar expressions. Examples of forward-looking statements include statements we make regarding our expected revenue, net loss, capital expenditure, Adjusted EBITDA and estimate cash and cash equivalent. Any forward-looking statement speaks only as of the date on which it is made. These forward-looking statements may include, among other things, statements related to AMC's current expectations regarding the performance of its business, financial results, liquidity and capital resources, and the impact to its business and financial condition of, and measures being taken in response to, the COVID-19 virus, and are based on information available at the time the statements are made and/or management's good faith belief as of that time with respect to future events, and are subject to risks, trends, uncertainties and other facts that could cause actual performance or results to differ materially from those expressed in or suggested by the forward-looking statements. These risks, trends, uncertainties and facts include, but are not limited to: the sufficiency of AMC's existing cash and cash equivalents and available borrowing capacity; availability of financing upon favorable terms or at all; AMC's ability to obtain additional liquidity, which if not realized or insufficient to generate the material amounts of additional liquidity that will be required unless it is able to achieve more normalized levels of operating revenues, likely would result with AMC seeking an in-court or out-of-court restructuring of its liabilities; the impact of the COVID-19 virus on AMC, the motion picture exhibition industry, and the economy in general; increased use of alternative film delivery methods or other forms of entertainment; the continued recovery of the North American and international box office; AMC's significant indebtedness, including its

borrowing capacity and its ability to meet its financial maintenance and other covenants and limitations on AMC's ability to take advantage of certain business opportunities imposed by such covenants; shrinking exclusive theatrical release windows; the seasonality of AMC's revenue and working capital; intense competition in the geographic areas in which AMC operates; risks relating to impairment losses, including with respect to goodwill and other intangibles, and theatre and other closure charges: motion picture production and performance; general and international economic, political, regulatory and other risks; AMC's lack of control over distributors of films; limitations on the availability of capital, , including on the authorized number of common stock; dilution of voting power through the issuance of preferred stock; AMC's ability to achieve expected synergies, benefits and performance from its strategic initiatives; AMC's ability to refinance its indebtedness on favorable terms; AMC's ability to optimize its theatre circuit; AMC's ability to recognize interest deduction carryforwards, net operating loss carryforwards, and other tax attributes to reduce future tax liability; supply chain disruptions, labor shortages, increased cost and inflation; the ongoing stockholder litigation preventing AMC from implementing its 1:10 reverse stock split of Class A common stock and conversion of the AMC Preferred Equity Units into Class A common stock; and other factors discussed in the reports AMC has filed with the SEC. Should one or more of these risks, trends, uncertainties, or facts materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those indicated or anticipated by the forward-looking statements contained herein. Accordingly, we caution you against relying on forward-looking statements, which speak only as of the date they are made. Forward-looking statements should not be read as a guarantee of future performance or results and will not necessarily be accurate indications of the times at, or by, which such performance or results will be achieved. For a detailed discussion of risks, trends and uncertainties facing AMC, see the section entitled "Risk Factors" in AMC's 2022 Form 10-K for the year ended December 31, 2022 and Form 10-Q for the quarter ended June 30, 2023, each as filed with the SEC, and the risks, trends and uncertainties identified in AMC's other public filings, AMC does not intend, and undertakes no duty, to update any information contained herein to reflect future events or circumstances, except as required by applicable law.

1) We present Adjusted EBITDA as a supplemental measure of our performance. We define Adjusted EBITDA as net earnings (loss) plus (i) income tax provision (benefit), (ii) interest expense and (iii) depreciation and amortization, as further adjusted to eliminate the impact of certain items that we do not consider indicative of our ongoing operating performance and to include attributable EBITDA from equity investments in theatre operations in International markets and any cash distributions of earnings from other equity method investees. These further adjustments are itemized above. You are encouraged to evaluate these adjustments and the reasons we consider them appropriate for supplemental analysis. In evaluating Adjusted EBITDA, you should be aware that in the future we may incur expenses that are the same as or similar to some of the adjustments in this presentation. Our presentation of Adjusted EBITDA should not be construed as an inference that our future results will be unaffected by unusual or non-recurring items. Adjusted EBITDA is a non-U.S. GAAP financial measures commonly used in our industry and should not be construed as an alternative to net earnings (loss) as an indicator of operating performance (as determined in accordance with U.S. GAAP). Adjusted EBITDA may not be comparable to similarly titled measures reported by other companies. We have included Adjusted EBITDA because we believe it provides management and investors with additional information to measure our performance and estimate our value. The preceding definition of Adjusted EBITDA is broadly consistent with how Adjusted EBITDA is defined in our debt indentures.

Adjusted EBITDA has important limitations as an analytical tool, and you should not consider it in isolation, or as a substitute for analysis of our results as reported under U.S. GAAP. For example, Adjusted EBITDA:

- · does not reflect our capital expenditures, future requirements for capital expenditures or contractual commitments;
- does not reflect changes in, or cash requirements for, our working capital needs;
- does not reflect the significant interest expenses, or the cash requirements necessary to service interest or principal payments, on our debt;
- excludes income tax payments that represent a reduction in cash available to us; and

- does not reflect any cash requirements for the assets being depreciated and amortized that may have to be replaced in the future.
 - 2) Amounts represent preopening expense related to temporarily closed screens under renovation, theatre and other closure expense for the permanent closure of screens, including the related accretion of interest, disposition of assets and other non-operating gains or losses included in operating expenses. We have excluded these items as they are non-cash in nature or are non-operating in nature.
 - 3) Includes U.S. non-theatre distributions from equity method investments and International non-theatre distributions from equity method investments to the extent received. We believe including cash distributions is an appropriate reflection of the contribution of these investments to our operations.
 - 4) Attributable EBITDA includes the EBITDA from equity investments in theatre operators in certain International markets. See below for a reconciliation of our equity in loss of non-consolidated entities to attributable EBITDA. Because these equity investments are in theatre operators in regions where we hold a significant market share, we believe attributable EBITDA is more indicative of the performance of these equity investments and management uses this measure to monitor and evaluate these equity investments. We also provide services to these theatre operators including information technology systems, certain on-screen advertising services and our gift card and package ticket program.

- 1) We present "Operating Cash (Burn) Generated" and "Free Cash Flow" as supplemental measures of our liquidity. Free Cash Flow is an important financial measure for use in evaluating our liquidity, as it measures our ability to generate additional cash from our business operations. Free Cash Flow should be considered in addition to, rather than as a substitute for, net cash used in operating activities as a measure of our liquidity. Additionally, our definition of Operating Cash (Burn) Generated is limited and does not represent residual cash flows available for discretionary expenditures due to the fact that the measure does not deduct the payments required for interest expense and the deferral or repayment of lease amounts that were due and not paid during the COVID-19 pandemic. Therefore, we believe it is important to view Operating Cash (Burn) Generated and Free Cash Flow as supplemental to our entire statement of cash flows. The term Operating Cash (Burn) Generated and Free Cash Flow may differ from similar measures reported by other companies.
- 2) Repayment of deferred lease amounts represent those lease amounts that were due and not paid during the COVID-19 pandemic. Their impact is excluded from operating cash (burn) generated to provide a more normalized cash rent payment stream.
- 3) Non-recurring lease receipts represent lease termination cash payments received during the three and six months ended June 30, 2023. Their impact is excluded from operating cash (burn) generated to provide a more normalized cash rent payment stream.
- 4) Maintenance capital expenditures are amounts required to keep our existing theatres in compliance with regulatory requirements and in a sustainable good operating condition, including expenditures for repair of HVAC, sight and sound systems, compliance with ADA requirements and technology upgrades of existing systems.
- 5) Growth capital expenditures are investments that enhance the guest experience and grow revenues and profits and include initiatives such as theatre remodels, acquisitions, newly built theatres, premium large formats, enhanced food and beverage offerings and service models and technology that enable efficiencies and additional revenue opportunities.
- 6) Change in construction payables are changes in amounts accrued for capital expenditures that fluctuate significantly from period to period based on the timing of actual payments.

We present adjusted net loss for basic and diluted loss per share and adjusted basic and diluted loss per share as supplemental measures of our performance. We have included these measures because we believe they provide management and investors with additional information that is helpful when evaluating our underlying performance and comparing our results on a year-over-year normalized basis. Adjusted net loss for basic and diluted loss per share eliminates the impact of certain items that we do not consider indicative of our underlying operating performance. These adjustments are itemized above. Adjusted diluted loss per share is adjusted net loss for diluted purposes divided by weighted average diluted shares outstanding. Weighted average shares for diluted purposes include common equivalents for restricted stock units ("RSUs") and performance stock units ("PSUs"). The impact of RSUs and PSUs was anti-dilutive in each period. You are encouraged to evaluate the adjustments itemized above and the reasons we consider them appropriate for supplemental analysis. In evaluating adjusted net loss and adjusted net loss per share, you should be aware that in the future we may incur expenses that are the same as or similar to some of the adjustments in this presentation. Our presentation of adjusted net loss and adjusted loss per share (basic and diluted) should not be construed as an inference that our future results will be unaffected by unusual or non-recurring items. Adjusted net loss for diluted loss per share (basic and diluted) should not be construed as alternatives to net loss and net loss per share (basic and diluted) as indicators of operating performance (as determined in accordance with U.S. GAAP). Adjusted net loss for diluted loss per share and adjusted loss per share (basic and diluted) measures reported by other companies.
